

Online Class Booking Software

Class Booking Software Made Simple & Hassle Free

Giving your members the freedom to manage their class bookings online isn't just a convenience for your members; It also removes all the administration from your staff. Now your members can book and cancel their classes on the go, and even be blocked for repeated no shows. All you have to do is host the class!

Fully-Branded & Responsive Class Booking Software

One of the most important features of a class booking system is that it integrates with all your club management services. The benefit for club owners is that you have a single unified view into everything your member does at your gym, so you can constantly personalise and improve their experience.

Beyond giving every individual member a better experience, a fully automated class booking system totally manages itself, so your only input is just managing your calendar and hosting an amazing class.

Because all the data is stored forever, you can run accurate reports on any of your classes allowing you to determine your most popular classes at a glance and give your members more of what they want.

Everything is tracked by our system, so Ashbourne's software can manage the attendee list, free up spaces if there's a cancellation and even block unreliable members after a certain number of no-shows.

And to make sure more members show up, we can also send out reminder emails and texts to make sure they never forget a class again – with no human input required at all.

Ashbourne Makes Hosting Classes Effortless

Our fully-branded and responsive class booking software allows your members to take ownership of their class bookings.

You are able to completely personalise the booking experience with your brand and really make it your own. With an automatic reserve list population, email confirmation and live availability, the e-booking module ensures that your studio timetable runs smoothly and efficiently.

Collect Payments Online Or In Your Club

As everything at Ashbourne is integrated, you can collect secure online payments from non-members who want to try out a single class, all boosting your business' income.

Personalise Your Member's Booking Experience

Fully customise our booking software with your branding so that it truly feels like your own and has a logo that your members trust.

Ensure Your Studio Timetable Runs Smoothly

With automatic reserve list population, email confirmation and live availability, the e-booking module ensures that your studio timetable runs as efficiently as possible all by itself.

Convenient and Easy To Access Booking Methods

Members can take ownership of their classes wherever they are by booking, view-ing, modifying and cancelling class reservations online via your website or through Ashbourne's club app.

We're Ready To Help You Build Your Perfect Club!
